Old Man Looked For Wife With Fortune.

Mogadore Was an Easy Proposition For Y. M. C. A's.

(Special Correspondence.)

Barberton, June 4.—The officers have not been successful in locating the gypsy queen who secured \$125 from Mrs. Angeline Leighton of Doylestown.

It has developed that Mrs. Leighton borrowed the money she paid the gypsy queen. June first she expected to get \$1,000 from under her house, and was to pay the party she borrowed the money from. In this she was disappointed. It has caused her much distress.

Since the case has come to light, so have others of a similar nature. An old man from Wooster paid the queen \$14 to have her tell him that his wife had eloped with a rich man, and that she would return in a few months with a fortune. This fellow visited the gypsy camp at Summit lake park in search of the other gypsy who had fleeced him.

The Y. M. C. A. team defeated Mogadore Saturday afternoon on the new grounds by a score of 12 to 2. Gene Wright of the Dayton team held down first base in a gilt edged manner, and Vossler pitched a superb game, striking out ten men. Much improvement has been made in the team, and with the new grounds in splendid shape Barberton people should give the team good support.

The railroads established what is called freight car service June 1, under management of the Cleveland Car Service Association. The object of this service is to relieve the yards from being crowded. Cars standing over two days will be charged to the party to whom they are rented.

Mr. and Mrs. Henry Schumacher left Sunday evening for Peru. Mr. Schumacher goes there in the interest of the Diamond Match Co., being foreman of the new plant.

Thirty-nine people took advantage of the excursion to Columbus Sunday.

Mr. and Mrs. L. W. Myers and Mr. and Mrs. Nees of Uniontown visited Sunday with Mr. and Mrs. John R. Davis.

Johnny Dennison of Cleveland will arrive here this week to train for his fight with Tom Kinney of Bellevue, June 28. The place has been changed from Johnson's Corners to corner of Tuscarawas ave. and Second st., where a big tent will be put up for the affair.

DAUGHTERS OF LIBERTY.

Columbia council meets June 7, 7:30 p. m. sharp. Let us have a good attendance. There is new business, and several candidates are to be initiated if they are present. The obligation for attendance is as binding on one as another of the members, and those who do not attend are shirking their responsibilities and duties, placing a double duty on those who do attend. There are some who have been absent for so long it would be a good idea to send their photograph to the council so the members will not forget how they look. Come out sisters and help in the work. It is a grand, good work. If you will help to make it so.

As Convention City For State Grange.

Meeting of Pomona Grange Last Week.

Boer War a "David and Goliath Struggle."

"Trusts Have Come to Stay," Said Mr. Speery.

The Summit County Pomona Grange held an excellent meeting at Copley Grange hall, Thursday, May 31st. The fifth degree meeting was called to order at 10:30 by the master, M. C. Danforth. After the report of the secretary, the report of the committee on the death of Eliza Randall was read and accepted.

The secretary presented a report of the entertainment held at Hammond's Corners on April 5th, by the Farmers' Handy Wagon company, of Saginaw, Mich., for the benefit of Summit county Pomona.

After paying all the expenses, there remained \$15 for the Grange.

The committee on State Grange reported that the present outlook is very favorable for the next meeting to be held in Akron. The Chamber of Commerce and others have taken some action to secure the meeting for Akron. It will be an important meeting.

An excellent Grange dinner was served by the ladies of Copley Grange.

The afternoon session was called to order at one o'clock. The first business was the installation of Mrs. Waggoner as lecturer and Mrs. Humphrey as assistant lecturer.

The literary program was then taken

up and carried out in part as follows. Interspersed with singing and music:

"The census, and what the farmers should know when the enumerator comes."

E. F. Cranz said, he did not know anything about the census about to be taken except what he had read in the farm and newspapers, but that he was much interested and had read everything he found upon the subject. Director Merriam has announced the purpose to make the census of 1900 the most accurate and complete in the history of our country, and that every farmer and everybody else should do all they can to bring about such results.

The farmers should be ready to answer all the questions relating to the farm, and estimating the value of all the crops and products for the year 1899.

The speaker said he had spent several evenings in estimating and figuring on an outline of the report he has nearly ready to refer to when the census man comes. It will be almost impossible to correctly give the desired facts and figures off hand during the short time the enumerator is present, and what we can not give to the enumerator he must estimate.

C. E. Francisco read a paper on "The War of the Boer and the Briton."

At the present time two highly civilized nations are at war, which might have been prevented if the precept, "On earth peace, good will toward men," had been heeded.

The Boers have our sympathy but it is a David and Goliath contest with the chances in favor of Goliath. When Cortez invaded Mexico he told the simple minded natives that his soldiers had a very bad distemper and for which gold was the only cure.

The Briton seems to be affected with this same distemper and is after the gold to cure it. Men who fight as the Boers have fought should be entitled to a few feet of this earth.

Master Parker gave a fine recitation, "We Reap What We Sow." Mrs. Weeks read an excellent selection, the tenor of which was, "Nature does not excuse a man for ignorance."

M. C. Danforth read a short statement from the Grange Bulletin showing that Tuscarawas county is the banner county in Ohio, having 18 subordinate Granges, Lenawee county, Michigan, is the banner county of the United States, having 35 Granges and 4,000 members, with 23 good Grange halls furnished complete, and four more are being built.

Hon. L. J. Speery said: "I feel a decided interest in the opportunities of the Grange. The individual must be supported by organization."

Combinations can produce more cheaply than the individual and farmers are no exception, they have the loose capital if it could be organized.

"I will remember when all the money in Ohio was in State banks and when a bank failed the money was lost. It was to the interest of banks to fail. Now banks are under a National law and defaulting bankers are sent to the penitentiary, just where they ought to be."

"Combinations have come to stay, and we must devise some means to control them. It can be done. I do not know just how but it can be done. There must be government supervision so the books and methods of business can be examined at any time, the same as the banks at the present time. Combinations should be safe and stable so any one can safely invest their money."

S. S. Rothrock gave a short talk on the appraisement of real estate.

J. O. Wilhelm, an authorized agent of the Columbus Phosphate company, talked at some length on purchasing fertilizers on what is called the Holman plan. The most of his talk and the prices were confidential to members of the order.

The next meeting will be held with Bath Grange, July 19.

BIRTHS.

BERGNER—May 17, to Mr. and Mrs. Wm. Bergner, 406 Bell st., a son.

Mothers lose their dread for "that terrible second summer" when they have Dr. Flower's Extract of Wild Strawberry in the house. Nature's specific for bowel complaints of every sort.

How Would You Have Said it? There is much in the way a thing is said. "Your cheeks are like roses," said Aunt Flora when Lois came in from a January walk, glowing from the cold and exercise. Lois smiled and looked lovingly at Aunt Flora. Aunt Margaret entered the room a minute later and glancing at Lois as she stood by the fire said: "My! Your face is as red as a beet!"

The red glow deeper on Lois' face, while unconsciously she turned petulantly away from Aunt Margaret, who prides herself on being "plain spoken." Aunt Flora's way is best. She can say the right word at the right time, too, even the word of admonition and reproof, but she says it in such a manner that one can think only of the Scriptural "apple of gold in pictures of silver."—Ada C.
